

# Clinton Jury Finds 7 Defendants Guilty

**EIGHT KILLED IN JALOPY**—Eight youngsters were killed when their rattle-trap car was rammed by a freight engine near Somerset, Ky., after a day of joy riding. Five of the youngsters, aged 12 to 17, were pinned in the car which burst into flames. The engine dragged the car half a mile. (AP Photo)

## Requested by Symington

## Forest Service to Start New Inventory of State Resources

WASHINGTON (AP)—The forest service will start a reinventory of Missouri's forest resources soon. The program was disclosed by Richard E. McArdle, chief of the forest service. He has written Sen. Symington (D-Mo) that the reinventory, requested by Symington, would be started as soon as a working plan is completed. McArdle said funds have been earmarked from the increase in this year's forest survey appropriations. "This inventory," the letter stated, "has high priority with a major effort scheduled in fiscal year 1959 (beginning July 1, 1958) and it should be completed in fiscal year 1960 assuming continuation of the present level of survey appropriations."

## Congress May Not Approve

## Says Ike Is Not Completely Satisfied With School Bill

WASHINGTON (AP)—House Republican leader Joseph Martin said today President Eisenhower is "not entirely satisfied" with the 1½-billion-dollar school aid bill but probably would accept it if Congress passes the measure. Martin said, however, "the outlook is not too good" for passage by Congress of the compromise measure. House debate begins today. The Massachusetts Republican spoke with newsmen at the White House after he and other GOP congressional leaders had held their weekly conference with Eisenhower. The House bill would provide federal funds to the states for school construction over the next five years. It differs in several respects from an administration bill which would provide \$1,200,000,000 in grants to the states over a four-year period. There was no indication after today's meeting that Eisenhower would wage a personal campaign in favor of the school bill. Some members of Congress have been saying he would have to do so to get the bill passed. Martin said he didn't know whether Eisenhower would play an "active role" in trying to get the bill enacted. "While he is not entirely satisfied with the legislation as it comes out of the Education committee, he regards it as a start," Martin said.

## Ham Breakfast Tickets Are Available Now At Chamber Office

Tickets for the Missouri State Fair Country Ham Breakfast to be held Monday, Aug. 19, at Smith-Cotton Cafeteria, are on sale at the Chamber of Commerce office. There are only 600 tickets available for the entire state and anyone planning to attend the breakfast should purchase their tickets early.

The breakfast is being sponsored by the Chamber of Commerce, state and national affairs division of which William K. Gibson is director, under the State Fair activities committee, Wilbert Askew chairman, in cooperation with South Stewart and Mrs. Elizabeth the Missouri State Fair authorities.

## Army Announces Cut In September Draft

WASHINGTON (AP)—The Army announced today it is cutting its September draft call to 8,000 men, compared with a quota of 11,000 in August. A Defense Department announcement said "the lower level of calls reflects the decision to reduce the number of personnel in the armed forces, announced July 16 by the secretary of defense."

## Late Bulletins

## GOP Move Defeated

WASHINGTON (AP)—The Senate struck down today a Republican move to keep in the administration's civil rights bill some authority for enforcement of rights other than the voting privilege.

## Possible Witness Turns Up

**Seaman Hitchhiker Will Try to Make An Identification Of Wedler Photos**

COLUMBUS, Ohio (AP)—Convicted wife slayer Dr. Sam Sheppard still seeking freedom after three years, today saw one hope crumble almost in his hand, but another glimmer of hope arise in Iowa.

Only hours after the unofficial "Court of Last Resort" pulled out of the Sheppard case in the face of Gov. C. William O'Neill's reversal of his permission for a lie detector test for Sheppard, a "missing witness" turned up in Waterloo, Iowa.

The witness is Ernest James Kiofolias, 32-year-old merchant seaman who says he hitchhiked a ride with an agitated young driver the night Mrs. Marilyn Sheppard was clubbed to death in her bed in Bay Village, Ohio, a Cleveland suburb. He plans to try to identify, later in the day, pictures of Donald J. Wedler, 23, who has "confessed" the July 1954 slaying of a woman in a Cleveland suburb under conditions which, to a degree, parallel the Sheppard killing. No Ohio officials were available for comment on the Kiofolias development.

But, from Sheppard's viewpoint, the decision on the "Court of Last Resort" to drop his case is bad news indeed. If the handsome 33-year-old osteopath really is innocent as he insists, the "court's decision" capped the climax of a three-year nightmare.

From the four corners of the nation, experts under the sponsorship of the unofficial "court of last resort" had gathered to prepare for a lie detector test on the man convicted in one of Ohio's most celebrated murder cases. Just before he left for a long-planned European tour, Sheppard's co-counsel, Ohio's Lt. Gov. Paul M. Herbert, had carried to Gov. O'Neill Sheppard's consent to be subjected to a polygraph (lie detector) test.

Then, in a hectic day of developments, O'Neill reversed his permission for the test and, in a hot, less than a mile from the Ohio Penitentiary where Sheppard is serving a life sentence for second degree murder, the "Court of Last Resort" decided it had come to the end of the line—and withdrew from the case.

The head of the "Court," mystery story writer Erle Stanley Gardner, visibly irked by O'Neill's reversal of position, said he is dropping all further efforts to aid Sheppard and added:

"We are just going to pick up the pieces and go back to making a living. We are just going to get the hell out of here and we are not coming back unless pressure from readers of the 'Court of Last Resort' (an Argosy Magazine feature) is so great that we must."

## Bazaar Participants Must Notify Chamber By Thursday Morning

All merchants and organizations wanting to participate in the Side-walk Bazaar must notify the Chamber of Commerce by Thursday morning. Spaces for organizations are still available.

## Real Cool, Dad

Ever notice how a little rain is never enough? But mix it with cool air and satisfaction is pretty unanimous.

Fair to partly cloudy tonight and Wednesday with slightly warmer temperatures Wednesday; low tonight in lower 70s; high Wednesday in upper 80s.

The temperature at 7 a.m. was 70 which was the low for Monday night; 75 at 1 p.m., and 76 at 2 p.m. Rainfall Monday and Tuesday up to 1 p.m., .11 inch.

The temperature one year ago today was high 85, low 67 with .09 moisture; two years ago, high 95, low 73; three years ago, high 91, low 72.

Stage at Lake of the Ozarks 58.8 steady.

**BLESSING FOR BOY**—Pope Pius XII blesses Richard Skelton, son of comedian Red Skelton, in a private audience at Vatican City. The Skelton family stopped over in Rome during a world tour. Richard is suffering from leukemia. (NEA Radio-Telephoto)

## Sees Wide Scope

## Ike Is Supporting Fourfold Objectives of Civil Rights

WASHINGTON (AP)—Sen. Knowland (R-Calif) said after a White House conference today that President Eisenhower is supporting the fourfold objectives of the administration's civil rights bill now under attack in the Senate.

Knowland, the Senate minority leader, said Eisenhower's position remains as it was stated in a written statement last week. In the statement, Eisenhower said he hopes the bill will provide for protection of civil rights in general, as well as voting rights. He also called for establishment of a civil rights commission and a new civil rights decision in the Justice Department.

Knowland said Eisenhower's reiteration of this position at a meeting with GOP congressional leaders could be interpreted as indicating the President opposes efforts to narrow the bill's scope to provide only for protection of voting rights.

This issue has been put before the Senate by Sens. Anderson (D-NM) and Aiken (R-Vt) with an amendment to strike out the provision of the House-passed bill aimed at enforcement of racial integration and other civil rights decisions.

Knowland said the leaders did not discuss with Eisenhower an amendment by Sen. Bricker (R-Ohio) offered in an attempt to save part of this section of the bill.

Bricker proposed that enforcement action on general civil rights could be undertaken only when the President issued a directive.

Knowland said he is confident the Senate will reach a vote today on the issue of narrowing the bill's scope.

"I am ready to agree to a time to vote on that question," he said. "I think we can get such an agreement."

Knowland said he expects the Senate will pass an "effective" bill in the next few weeks.

The Anderson-Aiken amendment would knock out most of the section of the bill. Its backers now are claiming enough votes to put it over, but Knowland said he thought there were a number of doubtful votes.

Knowland, who said he personally will vote to retain this provision, noted its opponents already are claiming enough votes to strike out the section. Elimination of most of it is proposed in an amendment offered by Sens. Aiken (R-Vt) and Anderson (D-NM).

Knowland said he expected the rest of the bill will go through pretty much as written if Section 3, the part to which Southerners object most strongly, is eliminated.

The vote was 379-38. This is far above the two-thirds majority that would be necessary to enact the legislation over a veto. A Senate committee has approved a 7½ per cent pay increase—about 5 per cent below the House figure—plus some upward cost of living adjustments for the postal workers.

The average salary of postal workers is now about \$4,340 a year.

The talk of a possible veto stems from President Eisenhower's expressed opposition to any general pay increase for federal workers at this time on grounds that the government as well as private citizens should avoid anything that could add to inflationary pressures.

## Are Convicted On All Counts

## Four of So-Called 'Clinton Ten' Are Found Innocent

KNOXVILLE, Tenn. (AP)—An all-white jury today convicted John Kasper and six Tennessee defendants in the Clinton segregation trial.

Completely upsetting defense predictions of blanket acquittal, the jury found Kasper and the six Clinton defendants guilty on all three counts of criminal contempt.

It acquitted four of the so-called "Clinton 10."

The jury deliberated for two hours and 20 minutes before returning its surprise verdict.

Those convicted were: Kasper, 27, Washington, D. C., New Jersey-born segregation leader and self-styled executive secretary of the Seaboard White Citizens Council.

Lawrence J. Brantley, 50, Clinton car dealer and retired grocer. William J. Bakebill, 41, Clinton service station operator.

Alonso Bullock, 52, part-time preacher and Clinton carpenter. Clyde Cook, 36, Oak Ridge, Tenn., fireman.

Mrs. Mary Nell Currier, 39, Clinton housewife and mother of two children, wife of a jobless cannery worker.

Willard H. Till, 43, former chairman of the Anderson (Clinton) County White Citizens Council.

Acquitted were: Clifford Carter, 38, jobless truck driver; Edward Henson Nelson, 22, vegetable clerk in an Oak Ridge supermarket; Virgil Cleo Nelson, 23, Oak Ridge carpenter who served four years in the U. S. Air Force and brother of E. H. Nelson; and Raymond Wood, 35, Clinton house painter.

William Shaw, assistant attorney general of Louisiana, immediately told the court:

"We would like to give notice there will be an appeal for a new trial."

Kasper's lawyer, J. Benjamin Simmons, arose and made the same notification to the judge.

## Announces Split Season on Doves Again in State

JEFFERSON CITY (AP)—A split 50-day season on doves, the same as last year, was announced today by the Missouri Conservation Commission.

And commission biologists say their roadside counts show the hunting prospects will be good, with around 6 million doves expected in the state by the time the shooting starts a half hour before sunrise Sept. 1.

The first part of the season will run from Sept. 1 to Oct. 10, with the second section coming up Nov. 10-19. The final period is expected to benefit southern Missouri hunters primarily.

Bag and possession limits will be 10 and 10, same as last year. In 1956, 19,700 hunters killed 299,400 of the fast flying dove. That was a 17 per cent increase over 1955.

This year, early spring rainstorms damaged the first hatch but the second and third broods did well.

Here are the other game bird seasons, set by the commission within the limits fixed by the U.S. Fish and Wildlife Service:

Rails and gallinules, 70 days from Sept. 1 to Nov. 9. Bags and possession limits 15 and 15, except sora, 25-25.

Woodcock, 40 days, Nov. 10-Dec. 19. Daily bag 4, possession limit 8.

## Britain Warns Rebel Forces To Evacuate

## Would Close Off Arms Entry In Southeast Arabia

LONDON (AP)—British planes have scattered leaflets bearing a 48-hour ultimatum to rebel forces to evacuate the area of Nizwa in the desert sultanate of Muscat and Oman.

This was announced today at the Persian Gulf oil center of Bahrain by Sir Bernard Burrows, British political resident in the area. Nizwa, ancient capital of Oman in the foothills of the kingdom, has been taken over by tribal rebels along with about 5,000 square miles of territory.

Foreign Secretary Selwyn Lloyd told the House of Commons British forces intend to seal off the territory in southeast Arabia to prevent arms reaching the rebels from "outside" areas, presumably Saudi Arabia.

The most effective method of dealing with the situation is to see that means of entry of arms should be closed off and that what we propose to do," he said. The British plan was reported to consist of three stages.

Press dispatches from the new Middle East trouble spot said RAF planes had been ordered to drop leaflets demanding that the rebels abandon their four-day-old desert war against the pro-British Sultan of the little sultanate at the southeast corner of the Arabian Peninsula.

Cannon-firing Meteor and Venom jets were reported ready to stage "demonstrations strikes" over rebel-held villages if the leaflets were ignored.

Should the insurgents go on fighting, the dispatches said, planes will be sent in to shoot up supply lines and paralyze rebel movements throughout the region.

The British, who have pledged aid for 46-year-old Sultan Said bin Taimur and accused "outside" forces of stirring up the revolt against him, appeared hopeful the uprising can be put down with only a show of air power.

Any big-scale commitment of British forces in the Sultan's internal troubles would bring the Conservative government under fierce Socialist attacks in Parliament.

## Milder Temperature Expected to Continue

KANSAS CITY (AP)—Missouri got relief today from the heat and the milder temperatures may continue tomorrow.

Showers edged the mercury downward. Some of the heavier rains in the past 24 hours were at: Troy 1.80, Butler 1.64 inches, Grove Springs 1.59, Springfield 1.26, Chillicothe 1.24, Brunswick 1.05, Boonville .85.

The Weather Bureau said the extreme southeast will get thunder-showers this afternoon and it will be cooler in the south. The north part of the state will enjoy a cooler night tonight.

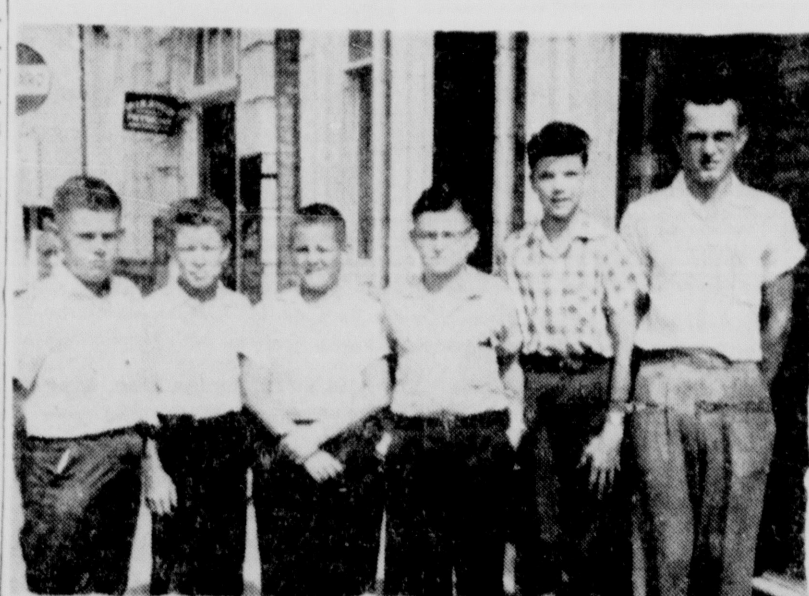

Missouri's maximum temperatures tomorrow are expected to be 85-90. Yesterday's were in the 80s and low 90s.

## Extensive Remodeling To Start at College

Extensive remodeling will soon be underway at St. Paul's College, Concordia. Purchase of furniture in addition to construction work is expected to cost approximately \$50,000. Work will include remodeling of Blitt Hall, millwork for the manufacture of desks, wardrobe, and bedframes, mattresses and box springs.

In Baepier Hall, several rooms will be partitioned to provide facilities for a speech clinic. Six individual student practice booths and a recording studio will be included.

## Off For a Lot of Fun

**WIN TRIP TO CITY**—Five of the carrier boys recently won a subscription contest and as their reward they were given a trip to Kansas City to see Cinerama. They also visited the zoo and Fairland Park. The boys are from left to right, Dave Smith, Sandy Sheridan, John Covert of Warsaw, Buddy Hoffman, Richard Evans and accompanying them was Russell Petree of the Democrat-Capital staff.

## Inside Stories

The annual 4-H Achievement Days will be held Wednesday, Thursday and Friday. Read about it on Page 10.

## Ex-Convict Admits Shooting Parents Of Wife in Quarrel

KANSAS CITY (AP)—An ex-convict said he killed his wife's parents last night because "They were trying to take my baby away from me."

Loren Bledsoe, 31, admitted the shooting in a signed statement, Police Lt. Wayne Gibson said.

The victims were Benjamin Webb and his wife, Anna, both 60. Bledsoe said he also would have killed his wife, Ruth, 21, had she not been holding the baby, Pauline, 9 months.

The shooting climaxed a quarrel in the Webb's apartment, with Bledsoe trying to persuade his wife to leave her parents and live with him. The couple had been separated 10 months prior to a recent reconciliation.

Bledsoe fled from the apartment but was arrested 90 minutes later by police who spotted his car. He surrendered without resistance. Police said the weapon, a .22 caliber rifle, was in the car.

Bledsoe was released in 1932 from the Missouri prison where he served a term for robbery.

## LODGE NOTICES

Sedalia Scottish Rite Club annual watermelon cut at Liberty Park, Thursday, July 25, starting at 7:30 p. m. All members and their families are invited.

Let's all come out. Plenty of Ice Cold Watermelon.

Bert E. Heacock, Pres. W. L. Matthews, Sec'y.

Regular meeting Sedalia Lodge No. 125 B. P. O. Elks, Wednesday night 8 P. M. All Elks urged and invited to attend.

R. S. Johnson, E. R. H. M. Brown, Sec.

## American Flint Glass Workers' Union of North America

The Regular Monthly Meeting of the A.F.G.W.U. Stewards and Officers and all other members interested will be held Tuesday, July 23 at 7:30 p. m. at the Old Post Office building.

The Women of the Moose Chapter No. 242 meets every Tuesday of each month at the Moose Hall. The regular second and fourth meeting on the fourth Tuesday and initiation and chapter night on the second Tuesday.

Sedalia Chapter No. 57, O. E. S. Annual picnic Tuesday, July 23rd at 6:30 p. m., Liberty Park. In case of rain, picnic will be held on porch of hall. Bring well filled baskets and own service. Drink furnished.

Margaret Morgan, W. M. Irene Aulger, Secretary.

Veterans of Foreign Wars, Post No. 5741, regular meetings, each Tuesday night at 7:30 p. m., at 114 1/2 East Third Street.

R. F. Wilder, Commander. R. E. Dedrick, Adjutant.

I.O.O.F. Neapolis Lodge No. 153 meets every Tuesday, 8 p. m. Regular lodge work July 23. All urged to attend. Visitors welcome. Basement of Labor Temple.

R. Russell, N.G. H. Jett, F.S.

Sedalia Assembly N. 831, Fourth Degree, Knights of Columbus will hold its regular meeting on Monday, July 22, 1957, at 8:00 p. m. at the Knights of Columbus Hall, Fourth and Lamine Streets. All Sir Knights are urged to attend this meeting. Final arrangements for annual picnic will be made.

Andrew Kramer, F. N. Frank V. Mehl, F. C.

## Dr. Forsythe Is Speaker For Rotarians

"The Egg and You" was the interesting subject on which Dr. Richard H. Forsythe, director of Central Laboratories of Hemingens Inc., Springfield, Mo., spoke on at the noon meeting Monday of Rotary Club at Bothwell Hotel.

Dr. Forsythe has been an associate professor of poultry products technology in the department of poultry husbandry at Iowa State College and in the chemical research laboratories of Armour and Company of Chicago. As director of Central Laboratories he is responsible for the supervision of research, quality, control and technical service department.

The entire industry was traced by Dr. Forsythe from the egg to the retail poultry. He told why the prices of eggs in the retail stores were so much higher than the farmer is paid, stating they must be candied, graded and go through several hands before they reach the customers. He told of why there are dark shell eggs and white eggs with colors in between and the fact that when people buy eggs they want them all the same color.

Dr. Forsythe was introduced by Glen Lewis, program chairman.

The meeting was presided over by Dr. Gordon C. Stauffer, with invocation by the Rev. Bob Lelew. The Rev. Robert Lelew led the singing with Miss Lillian Fox at the piano.

John Zulauf introduced the following visitors: Fred Rose, guest of Glen Lewis; Dr. B. A. Pugh, Joplin, guest of Paul Hunsell; W. M. Van Dyke, Raytown, guest of W. B. Rich; Harvey Brimmer, Chicago, guest of Keith Young; Dave Wallington, guest of Dr. L. S. Geiger and Don Hofheins guest of his father, Charles J. Hofheins and Rotarian W. H. Coulter, Honolulu, Hawaii, formerly of Sweet Springs.

Roving Rotarians were Frank Bryant, Tulsa, Okla., O. W. Wiley, Clinton; the Rev. R. M. Lelew, Clinton; Harry Walch, Clinton and Boyd Massey, Warrensburg.

## Two Injured as TWA Plane Dips to Avoid Unidentified Object

AMARILLO, Tex. (AP)—A woman passenger and a hostess were injured last night when a Trans-World airliner dipped suddenly in what its pilot said was an attempt to dodge an unidentified object.

Mrs. Mary Clark, 68, North Adams, Mass., suffered head lacerations and a bruised back when thrown to the floor of the airliner.

The hostess, Dorothy Rekow, suffered a bruised hip and possible back injuries. She said a suitcase fell on her. She went on to Tucson, Ariz., with the flight after the plane landed here.

Ivan Borsum, TWA sales manager at Amarillo, said the ship was a four-engine Constellation, bound from Chicago to Tucson nonstop. He said it was flying an assigned course at 18,000 feet.

Borsum quoted the pilot as saying he dropped the airliner about 500 feet when he sighted the running lights on an approaching object flying a collision course.

He did not identify the object further.

## May Dethrone North Africa's Aged Ruler

TUNIS (AP)—The Tunisian Constituent Assembly is expected to dethrone the North African country's aged ruler, Sidi Mohammed Al-Amin, and set up a republic of Tunisia at a special meeting Thursday.

The call for the Assembly session was issued last night after a six-hour meeting of the national committee of Premier Habib Bourguiba's dominant Neo-Destour party.

Me" accompanied by Mrs. Mae Moser at the organ.

Pallbearers were Leon Wells, Jay Nicholson, Charles Evans, Ernest Cummins, Harry Small and Dick Green.

Burial was in Memorial Park Cemetery.

## Just imagine!

There are sixteen different grain and vegetable flours in Hollywood Special Formula Bread! Yes, that's right—sixteen! The result is a rare flavor blend that will delight you—not once, but time after time after time. And such a sensitive bread, too, with only about 46 calories in an 18-gram slice! Insect on the genuine.

Only about 46 calories in an 18-gram slice

Son, to Mr. and Mrs. Clayton Wear, 1704 South Park, at 6:52 p. m. July 22 at Bothwell Hospital. Weight, seven pounds, 15 ounces.

Son, to Mr. and Mrs. Glen Harpman, Edwards, Mo., at 2:02 a. m. July 23 at Bothwell Hospital. Weight, eight pounds, three ounces.

Daughter, to Mr. and Mrs. Harold Eldenburg, Florence, at 8:24 a. m. July 23 at Bothwell Hospital. Weight, six pounds, seven ounces.

The daughter born July 7 to Mr. and Mrs. Loraine Page, Green Ridge, has been named Katie Coleen. Weight, seven pounds, eight ounces.

Son, to Mr. and Mrs. Gerald David Peters, Rochelle, Ill., hospital at 3 a. m. July 10. Grandparents are Mr. and Mrs. Ernest Peters, Pilot Grove, and Mr. and Mrs. G. S. Cooper, Hocomo, Mo.

Son, to Mr. and Mrs. W. C. Blankenship, Peoria, Ill., July 22 at the Methodist Hospital there. Weight, seven pounds, 14 ounces. He was named Richard Booth.

Mr. and Mrs. O. C. Blankenship, 1014 East Sixth, and Mr. and Mrs. C. Booth of Marshall are the grandparents.

Mr. and Mrs. George Whitman, 131 East Walnut, announce the adoption of a daughter, Stacy Lea, who came to live at the Whitman home Monday. Stacy Lea was born on June 27, and weighed seven pounds, four ounces. Whitman is an employee of the Southwestern Bell Telephone Co.

### City Hospitals

BOTHWELL — Medical: Mrs. William Martin, Smithton; Mrs. Les Layne, 615 West Fifth.

Surgery: Alva Gardner, 221 West Fifth; Mrs. Louella Stevens, 618 East 28th.

Dismissed: Miss Katherine Spangler, 415 South Massachusetts; Mrs. Clay Little, Warsaw; Mrs. Louise Hotsenpiller, Ottumwa; Paul Horner, 1521 West Main; Miss Linda Merriott, Gravois Mills; Mrs. Amy Barr, 602 West 16th; infant of Mr. and Mrs. Elmo Travis, 1326 East Broadway; Thomas Moore, Buena Vista; Paul Rialti, 714 1/2 West 4th; Miss Margaret Edwards, 1502 South Osage; Mrs. Keith Zahring and son, 1606 South Stewart.

WOODLAND — Surgery: Mrs. Helen Fackler, 408 East Seventh. Dismissed: Mrs. Albert Swihart and daughter, Cindee Lou, 218 West Avenue.

A-3c Richard G. Schiedel, White-man AFB, charged with making a left turn at Second and Ohio, forfeited a \$5 cash bond.

Bill Herman Holman, 18, of 1306 South Lamine, charged with careless driving at 12th and Ware, was fined \$25 by Judge Willard Morris in police court Tuesday morning. Holman pleaded innocent to the charge.

A preliminary hearing in the double murder charge against Varner is scheduled for next Thursday at Tusculum. The lawyer, Will F. Barry Jr., said he needed more time to study the case.

Varner, 50, is being held without bond on charges of shooting Edwin Boyesen, 46, and Larry Irwin, 15, near Osage Beach July 5.

Manville, 63, and the 6-foot-tall former showgirl were married 2 1/2 months ago.

### Reports Manville And Wife Separated

SAN ANTONIO, Tex. (AP)—The San Antonio Express and News today quoted asbestos heir Tommy Manville as saying he and his 10th wife, Pat Gaston, formerly of San Antonio, had separated.

"She seems dissatisfied because she can't ask for anything more," Manville said in an interview.

"She wanted a swimming pool and she got it. She wanted a new bedroom, and she got that."

Manville, 63, and the 6-foot-tall former showgirl were married 2 1/2 months ago.

### May Dethrone North Africa's Aged Ruler

TUNIS (AP)—The Tunisian Constituent Assembly is expected to dethrone the North African country's aged ruler, Sidi Mohammed Al-Amin, and set up a republic of Tunisia at a special meeting Thursday.

The call for the Assembly session was issued last night after a six-hour meeting of the national committee of Premier Habib Bourguiba's dominant Neo-Destour party.

Me" accompanied by Mrs. Mae Moser at the organ.

Pallbearers were Leon Wells, Jay Nicholson, Charles Evans, Ernest Cummins, Harry Small and Dick Green.

Burial was in Memorial Park Cemetery.

### Just imagine!

There are sixteen different grain and vegetable flours in Hollywood Special Formula Bread! Yes, that's right—sixteen! The result is a rare flavor blend that will delight you—not once, but time after time after time. And such a sensitive bread, too, with only about 46 calories in an 18-gram slice! Insect on the genuine.

Only about 46 calories in an 18-gram slice

## Babe Ruth All-Star Practice Postponed

The practice for the Babe Ruth League All-Stars which was to have been held this evening at 6 o'clock has been postponed. The practice will be held on Thursday morning at 8 o'clock at the Liberty Park diamond. All boys are asked to bring their birth certificates.

## Dulles Pleads For Steps To Disarmament

WASHINGTON (AP)—The Voice of America beamed throughout the world today Secretary of State Dulles' plea for steps toward disarmament before the problem of curbing hydrogen and atomic weapons becomes "totally unmanageable."

"As matters are going," Dulles said last night "the time will come when the pettiest and most irresponsible dictator could get hold of weapons with which to bring immense harm."

His radio-television address was both a report to the American people on this country's efforts at the London disarmament conference and an appeal to Russia for new concessions there to make some agreement possible.

Full summaries of Dulles' address were aimed particularly at Iron Curtain areas from Voice transmitters in Okinawa, Munich and even the Coast Guard vessel Courier in the Mediterranean.

The all-out treatment in the overseas broadcasts pointed up how much the Eisenhower administration was relying on Dulles' sober words to spur the East-West disarmament talks in London.

He stressed the dangers to mankind of continued delay in developing a first-step plan for curbing the grim threat of atomic-hydrogen warfare.

And in words aimed at Russia's rulers, he also cautioned that the cost of building and maintaining modern nuclear-equipped forces was soaring so high "no nation can sustain that cost without grievously burdening its economy."

Dulles carefully avoided harsh language and the usual denunciations of Soviet policy in what seemed a clear move to demonstrate America's sincerity in wanting a limited disarmament agreement.

Venezuela has 220,000 automobiles registered, an estimated 90 per cent of them American-made.

### To Hold Barbecue At State Fairgrounds

The Pettis County Livestock barbecue will be held at 6 o'clock tonight at the sheep pavilion at the Missouri State Fairgrounds.

Venezuela has 220,000 automobiles registered, an estimated 90 per cent of them American-made.

### To Ask Continuance In Double Murder Case Against Varner

VERSAILLES, Mo. (AP)—A continuance will be requested next week in the case of Victor L. (Tex) Varner, his attorney said yesterday.

A preliminary hearing in the double murder charge against Varner is scheduled for next Thursday at Tusculum. The lawyer, Will F. Barry Jr., said he needed more time to study the case.

Varner, 50, is being held without bond on charges of shooting Edwin Boyesen, 46, and Larry Irwin, 15, near Osage Beach July 5.

Family Dinner In Honor of Guests From California

Mr. and Mrs. E. S. Gregory of Artesia, Calif., and their daughter, Mrs. Melvina Southard and Mr. Southard of Garden Grove, Calif., left Monday morning for their homes. For the past 16 days they have been visiting Mr. Gregory's mother, Mrs. L. L. Gregory of Windsor and other relatives.

From Thursday until Sunday Mr. Gregory and Mr. Southard attended the Second Annual Meeting of Methodist Men at Purdue University at LaFayette, Ind.

On Sunday they were guests at a family dinner at the home of Mr. Gregory's sister, Mrs. Norval Brown and Mr. Brown of Clinton.

Attending besides those previously mentioned were: Mrs. Ollie Mines, Mr. and Mrs. W. A. Bond, Mrs. Lucy Rabourn, Mr. and Mrs. J. F. Kubli, Mr. and Mrs. Ralph Rabourn, Mary Virginia, Richard and Catherine, all of Sedalia; Mr. and Mrs. E. C. Ruffin, Mr. and Mrs. Emmett Ruffin and Linda and Miss Rosilee Alexander of Green Ridge; Mr. and Mrs. Claude Craig, Columbia; Mr. and Mrs. Belford Jackson, Darrell and Kent of Leeton; Mr. and Mrs. Earl Gregory, J. D. Marion and Robert of Houstonia; Mr. and Mrs. Vernon McMullin and Mr. and Mrs. Guy Bailow, LaMonte; Mr. and Mrs. Vernon Gregory, Harry, Billy, Anna Lou, Stanley and Sara of Norborne; Mr. and Mrs. Keith Gregory, St. Louis, and Mr. and Mrs. L. H. Liebmann of Topeka, Kan.

Garden Club Picnic At Borne' Home

Garden Club No. 1, met for a picnic at the home of Mr. and Mrs. W. G. Borne', 1315 South Kentucky Friday night with the patio in the garden a beautiful place for serving the picnic supper.

Invocation was given by Harry Burford.

After the supper, to which all contributed the evening was spent in conversation. No business meeting was held.

Statue of British Marshal Blown Up

DUBLIN (AP)—The battered statue of a British field marshal was blown up in Dublin's Phoenix Park early today. The explosion rocked central districts of the Irish capital.

Police said two men were reported loitering around the equestrian statue, a favorite target of anti-British extremists, shortly before the blast. It completely shattered the monument to Irish-born Field Marshal Viscount Gough, a famed army commander of the 19th century.

Previously, the statue's head had been sawed off and the horse's left rear leg had been blown off by an explosion. The head was found in the River Liffey and was replaced.

Bomb Scare Delays Plane Three Hours

NEW YORK (AP)—A bomb scare delayed departure of an Eastern Airlines plane from LaGuardia Field for nearly three hours early today.

Search of the Constellation and the baggage of 35 passengers failed to uncover a bomb, police said, and the plane left for Atlanta at 3:10 a.m.

The scare was touched off shortly before 12:30 a.m. when a Port of New York Authority patrolman received a telephone call from a man who said: "Listen to this carefully. Eastern Airlines leaving to Atlanta 12:37. There is a bomb on board."

Striped College 4-H Group Holds Project Open House

A total of 150 persons attended the Striped College 4-H Woodworking project Open House Sunday afternoon at the home of the woodwork leaders, Mr. and Mrs. Ted Dabner.

The girls of the Food Preparation project, with Mrs. Hubert Finley as leader, served refreshments. There are 31 members (including 5 girls) in the woodwork project. You could tell by the high quality work that each 4-H member had worked hard to make the woodwork articles. It has not been an easy task for their leaders, Mr. and Mrs. Dabner, either as about 70 project meetings were held at their house to complete 130 woodwork articles made by the members. Mr. Dabner said that three or four meetings had been held each week since Feb.

From the 130 articles, 114 were on display as follows: four foot stools, seven book cases, 11 bird houses, four bird feeding stations, five sets of bookends, eight knife racks, four exhibit trays, three miter boxes, three boot jacks, one clock shelf, one bed head board, one bench, one refinished chest of three table lamps and three work bench lamps were displayed. The drawers, two utility tables, seven nail and tool boxes, one bench vice and stop, one shadow box (made from an old picture frame), one night stand, one wagon bed, two trailers, one large tool box, a large sign for the Flat Creek Baptist Church, four road side signs, 12 flower boxes, two lawn chairs, one combination picnic bench and table, one work bench with vice, one doghouse, one salt box, two 12-foot gates, one bushel crate, two hog troughs, eight saw horses and three garden trellises. In addition seven pin up lamps

VFW Auxiliary Has 25th Anniversary

The Ladies Auxiliary to Post No. 2508, Veterans of Foreign Wars, celebrated their 25th anniversary Wednesday evening, July 17, at the VFW Hall, 114 East Fifth.

A contributive dinner was served at 7 o'clock with a birthday cake. Mrs. C. B. Brownfield, Auxiliary president, was in charge of the arrangements assisted by a number of the members.

Mrs. Marie Wright, the only charter member present, was awarded the 25 year pin at the meeting.

Benjamin Franklin's famous kite experiments proved the identity of lightning and electricity.

# The Laws Are Hazy...

One of the reasons for the luxuriant growth of the legal fraternity is the voluminous day by day additions to the laws of the land—civil and criminal, and otherwise. The layman in difficulty becomes hopelessly snarled in legal mumbo jumbo. He hires a lawyer, and often the lawyer finds himself in a twist, too. That's why there must be other lawyers and courts to get things unwound.

Take for instance an insurance policy covering windstorms. After all these years one might have believed the laws governing such protection would have been clarified by now. But in Jackson County the Circuit Court has been asked to determine whether, under Missouri law, insurance companies are compelled to pay the full face value of a policy on a home destroyed in a windstorm. This is an aftermath of the Ruskin Heights tornado May 20. The insurance company thinks not, its attorney claiming the Missouri valued policy law is clearly defined and only applies to fire losses.

The plaintiff's attorney describes the suit as a test case. He contends the state law is vague.

Vague is the adequate word.

Very often vagueness is caused by those who draw up original rules, regulations and laws. Congress and the Legislatures are notable for this.

Vagueness occurs in elementary situations, too. Recently Sedalians were

advised concerning the illegality of parking on the wrong side of a city roadway. Many persons were not familiar with an ordinance which states that "No person shall stand or park a vehicle in a roadway other than parallel with the edge of the roadway headed in the direction of lawful traffic movement and with the right hand wheels of the vehicle within 18 inches of the curb or edge of the roadway" . . .

The principal vagueness here is that or a one way street where parking is allowed on both sides, a motorist finds it impossible to comply with the ordinance if he desires to park on the left hand side of the street in the direction of traffic. There's no way to get the right hand wheel of the vehicle within 18 inches of the curb without becoming a mechanical contortionist.

But it's the law!

An amendment is in order. Jefferson City is following the amendment procedure with respect to an ordinance governing littering. Solons in the Capitol City thought they had everything under control to keep the streets clean but forgot to ban the placing of handbills on automobile windshields. These handbills were the major cause of street litter.

If there is any doubt about man's imperfection all he needs do is reexamine laws he has enacted in the interest of preservation of peace and order in our society. And then start making amendments.

## The Washington Merry-Go-Round

## Test White House Stand On School Bill

By DREW PEARSON

WASHINGTON — The long-delayed school construction bill comes up for a vote in the House of Representatives today or tomorrow. For almost four years it has been held up—either by Mrs. Hobby's go-slow tactics, by the Powell Amendment, or by U. S. Chamber of Commerce opposition.

Passage now is going to depend on how hard the White House works for it. Officially Eisenhower is for it. Unofficially, Republican leaders intimate that Ike is less than lukewarm for it. Significantly, all Republican members of the Rules Committee voted against it.

The White House lobby on Capitol Hill is more efficient than at any time since the early days of Roosevelt. Every President tries to get his program passed through Congress and uses a White House Staff to do it. They buttonhole congressmen, promise postmasterships, jobs, other favors.

The White House, when it goes into action, can be the most powerful agency in the nation, no matter who is President. And Ike has used his efficient lobbying machine to kill the Patman Banking probe, to stall Hell's Canyon, and to pass Foreign Aid.

The interesting question will be whether this same machine will be thrown into high gear to pass another part of the Eisenhower program—school construction. The bets on Capitol Hill are that it won't.

### Educating The President

Sen. Paul Douglas of Illinois sits all day crouched over his desk on the Senate floor. He listens to the debate, sometimes lifts his withered hand up on the desk to hold down a sheaf of papers.

Douglas is a Quaker who believes in peace when he can have peace, but will fight when

## Guest Editorial—

JEFFERSON CITY TRIBUNE: A Most Questionable Practice. It's no secret that free transportation is occasionally furnished to members of the Missouri Legislature by the State Highway Patrol.

But it's a most questionable practice. Patrol officials say the practice is merely a "courtesy" not a statutory duty.

Members of the House and Senate have called on the patrol for transportation to and from their homes when the weather is bad and the lawmakers don't trust their own driving. One senator reportedly rode in patrol vehicles so often that he was referred to as Trooper Double Zero.

A patrol official gives this explanation of the practice: Transportation is furnished the legislators as a matter of courtesy and public relations.

Apparently the thinking goes that the Legislature appropriates for the highway patrol, thus making it difficult to say no if a Senator or Representative needs a ride in a hurry.

Only last session the Legislature approved legislation increasing the size of the patrol. Additional patrolmen are needed to increase enforcement on our highways to meet the traffic carnage.

We believe the additional patrolmen are needed. Missouri's traffic fatality record is justification alone for its increase. The patrol also has other duties of law surveillance.

We doubt that "courtesy" and "public relations" has any effect on the Legislature's outlook toward the patrol. It sharply curtailed a justifiable pay raise proposal.

The Missouri Highway Patrol is recognized as an efficient traffic and law enforcement agency. That is sufficient "courtesy" and "public relations" in itself.

Certainly the practice of transportation to legislators in patrol cars should be stopped immediately. If the patrol is reluctant to stop the practice, then the legislators should.

There is also similar practice on the local scene — police transportation of one city official. That, too, should be stopped unless it is official business.

## The World Today

## How Three Senators Caused Division

By JAMES MARLOW

Associated Press News Analyst  
WASHINGTON — This is the story of how three Southern senators found three big talking points to cause division and surprise among supporters of President Eisenhower's civil rights bill.

There would seem hardly any reason for surprise if members of Congress, North and South, had done their homework by reading a lawbook for no more than 30 minutes.

The three Southerners who developed the talking points, all Democrats, are Senators Russell (Ga.), Ervin (N.C.) and Eastland (Miss.). They got a big helping hand from Robert Young, a lawyer on the staff of Eastland's Judiciary Committee.

Their three points: Russell—This bill would permit the President to use troops to back up court orders in civil rights cases. Eastland—under this bill people could be compelled to be informers. Ervin — The bill would deprive a man of trial by jury.

This is the background for what follows:

There is an old 1871 law—called Section 1985 which says anyone whose civil rights are violated can sue in federal court for damages or ask a judge to order the violation stopped. This law covers a very broad field of civil rights.

Many Southern Negroes, particularly the poorest, never heard

## Looking Backward...

### TWENTY-FIVE YEARS AGO

Wayne Gibbs and his dance band gave a concert at Washington Park that attracted about 1200 persons. Vocal numbers were given by Ray Hollar and Edwin Danforth.

1932  
Clarence "Lefty" Heise, former Sedalia ball pitcher, with a record of 12 victories with the Elmira Club of the New York-Pennsylvania League, was back to duty after a ten-day idleness due to an injured nose.

1932  
Lt. Gov. E. H. Winter, seeking the Republican nomination for governor, arrived for an address in interest of his candidacy.

1932  
Rain fell in torrents Saturday afternoon, July 23, for a brief period, the downpour bringing about an inch of precipitation.

FORTY YEARS AGO  
Dr. K. R. Barnum, president of the Missouri State Homeopathic Medical Society, left for Washington, D.C., to attend a conference called by the general medical board.

1917  
J. P. Rodeman of the Missouri Pacific, Mrs. Rodeman and son, Robert, returned from a two-week vacation visit at Pueblo, Colo.

1917  
Striking maintenance of way employees of the Missouri Pacific and Iron Mountain system, numbering about 50, met here and were addressed by A. E. Barker, Detroit. The strikers were asking an increase in wages from \$1.75 to \$2.25 a day.

1917  
F. M. Thompson, division engineer for the MKT, accompanied by George Bichsel, watch inspector for the company, left on a motor car for points on the Boonville and Hannibal division on a watch inspection trip.

of the law and, if they did, couldn't afford a court fight. So the Eisenhower bill proposes:

Section 1985 should be amended to let the attorney general step in and ask for a court order to stop a civil rights violation. Anyone disobeying could be tried for contempt by the judge, without jury trial, and sent to jail.

If you took the trouble to go into a law library and ask the clerk to let you see the civil rights laws, you'd find three pages of them listed together in what is called the U. S. Code—meaning a collection of laws still on the books.

Two of them apply directly to Section 1985 and therefore—since the Eisenhower bill would amend Section 1985 by adding new powers to it—they would apply to the bill if it became law.

One says the President can use troops to back up a court order issued under Section 1985; the other says—and it's called the "Compulsory Informer Act"—that anyone even knowing of a conspiracy to violate a person's civil rights under Section 1985 must tell the government or face damages.

But when Atty. Gen. Brownell appeared before the House Judiciary Committee in 1956 and 1957 — when the bill was being considered — no one questioning him asked about the use of troops and compulsory informers.

He didn't volunteer the information. When the House passed the bill in 1956 and again in 1957, both times after lengthy debate, no mention was made of the use of troops and informers in connection with the bill.

House members made their big pitch on the trial-by-judge issue

### Dr. Jordan Answers

## Some Are Hypersensitive To Insect Bites, Stings

By EDWIN P. JORDAN, M.D.

Bites or stings can constitute a nuisance—or worse—as indicated in today's first letter.

Q—For the past two summers some sort of insects just barely visible seem to bite me mostly on the legs. They draw blood, and as a result I have marks on my legs the entire summer. I know they are not mosquitoes but seem like tiny black things. Can you supply an answer?—Mrs. D.D.

A — It is hard to tell what particular kind of insect is responsible for these bites. I know that in the northwoods one is frequently troubled by small flying insects commonly called "no-seums." In this kind of problem I should think the best thing to do would be to experiment with some of the insect repellents. One has to be careful that the chemicals contained in these substances do not irritate the skin. They should be tried cautiously at first and not used longer than necessary. It is also true that some people become hypersensitive to insect bites or stings.

Q—I suffer from cracks in the corners of my mouth. I do not wet my lips, and apply creams every night. It is annoying and I cannot open my mouth to eat without pain. Could this be the result of a lack in a certain vitamin?—S.K.

A—A vitamin lack is one possibility. However, one should also want to consider the possibility of some sensitivity or allergy, or perhaps a local disorder of the skin itself.

Q—Would you please comment on cracking knee joints in a girl 20 years old who has had this

this year, but only after Ervin had been talking about it in the Senate for months. It was Ervin himself who made this a prime issue.

But it was different when Brownell appeared before the Senate Judiciary Committee. Young had taken the trouble to look up the old civil rights laws which—in addition to Section 1985—might be affected by Eisenhower's bill.

He told Ervin, Ervin let Young question Brownell about the use of troops and how it was directly tied in with the old law to be amended. Brownell blew up, refused to discuss it, even when Ervin chimed in, and said it was an affront to the President.

Maybe Brownell was truly surprised. It's possible he didn't look up the old laws either, and simply had relied on lawyers in his Justice Department to draw up the Eisenhower bill.

Russell, in reading over the record of the Senate Judiciary Committee, noted Young's questioning of Brownell on troops. He asked Young for more information. Young gave him a detailed explanation.

On July 2 Russell made a biting speech against the bill, noting the use-of-troops tie-in with it, and denounced it as cunning and devious. This even seemed to be news to Eisenhower, who then began to act puzzled about his bill.

Meanwhile, Young told Eastland of the tie-in between the Eisenhower bill and compulsory informers. Eastland on July 11 made savage attack on the bill, pointing up the compulsory informer angle.

Yesterday the Senate voted unanimously to repeal the old law on the use of troops.

condition since her teens?—Mrs. C. Y.  
A—If there is no pain or swelling in the knees it is probably that this is simply the noise made when certain ligaments pass over the cartilage of the joint. This is not really an abnormality nor anything to become concerned about. Of course, if the young lady has any other symptoms in her knee joints, she should be carefully examined.

Q—I should like to know in what kind of illness a person is required to drink an atomic cocktail containing radioactive iodine?—Mrs. G. N.

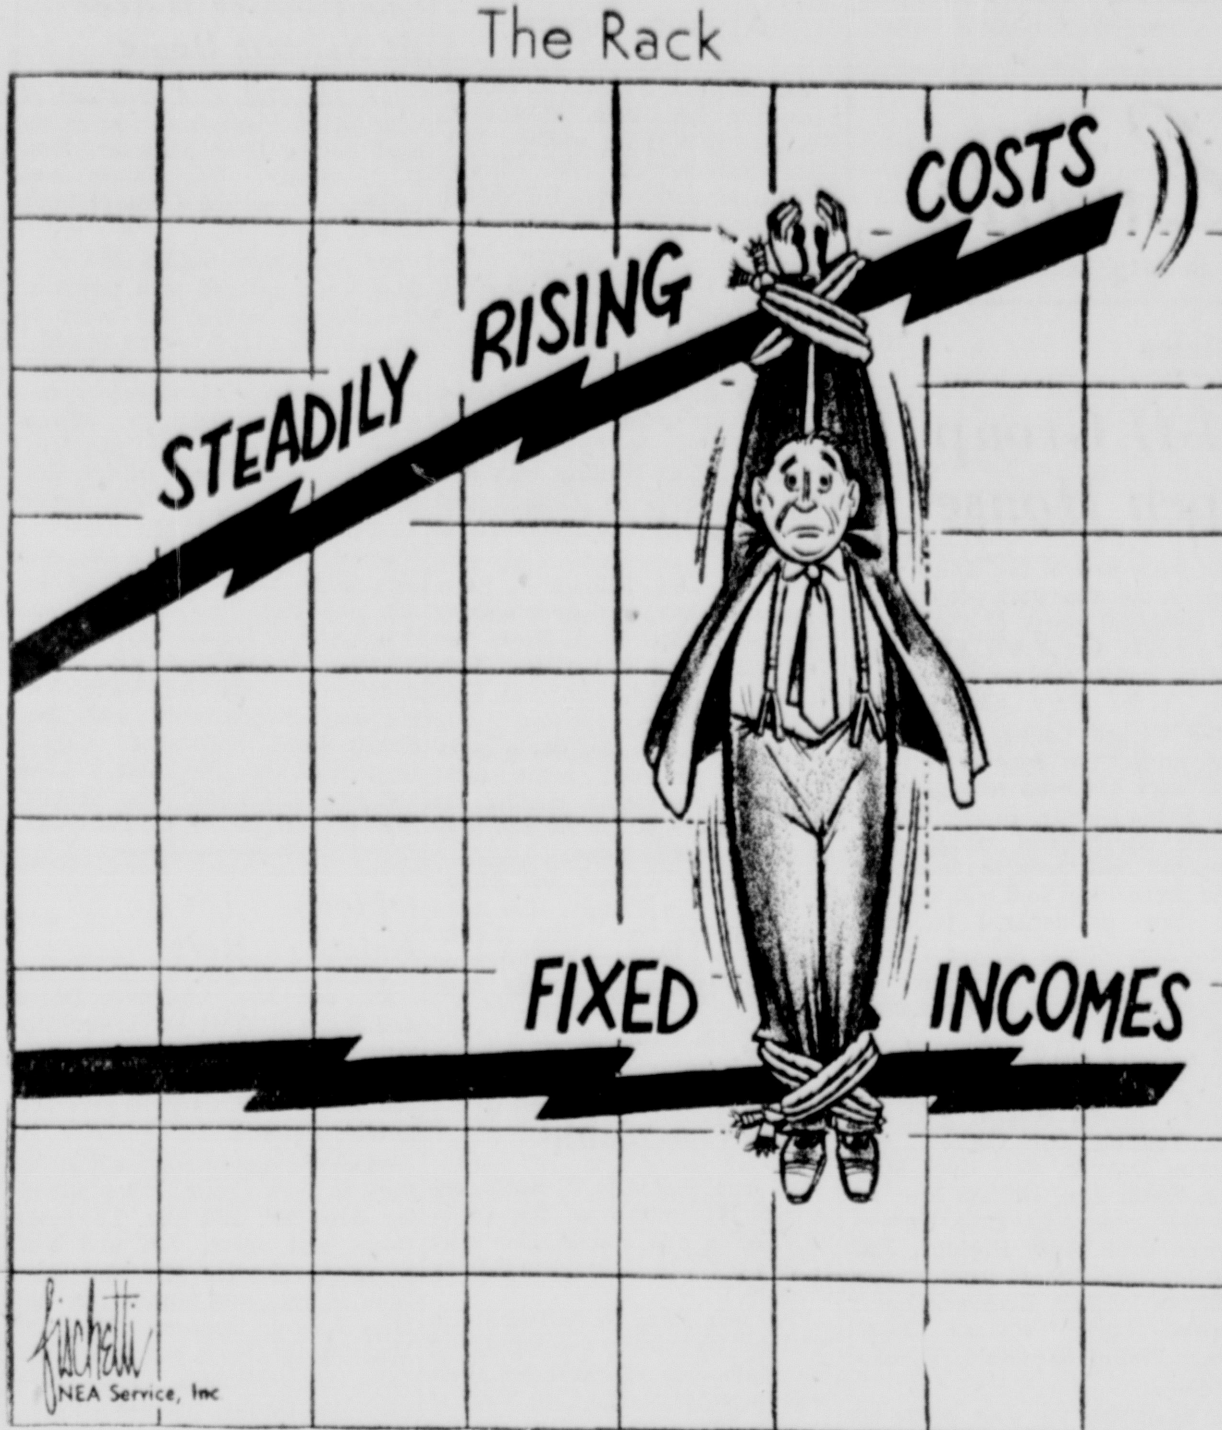

A—This method of treatment is used for some patients with toxic goiter. In carefully selected patients it is extremely useful and sometimes makes it possible to avoid removing the thyroid gland by surgery.

Q—Does drinking from two to three cases of beer constitute too much alcohol? What, if any effect, does it have on a person's health?—Reader.

A—The inquirer does not state whether the beer is consumed in a couple of days or a couple of months. Beer disagrees with some people and apparently does not bother others much. In addition to the alcohol, which is a food, it contains other calories, so that beer is fattening.

First Arbor Day  
Arbor Day first was observed April 10, 1872, in Nebraska, when more than a million trees were set out in that state. Since then observance on various dates has spread over all the country.

The United States contains about two million more women than men.

## Bugs In the Soil Bank

## Uncle Sam In Dilemma Over Mounting Costs

By Joseph A. Dear  
Of Our Washington Bureau

WASHINGTON — Even the dedicated and steadfast of the congressional farm bloc sadly concede that certain aspects of our national agricultural policy would be considered bizarre in Wonderland.

The soil bank program is a case in point. Its objective was simple and worthy: to reduce surplus farm production without breaking the farmer. The program authorized direct federal compensatory payments to farmers for taking land out of cultivation. In short, they were paid for not producing.

(The justification of this practice: During wartime, farmers increased production at the request of the government. Farmers do not

now enjoy a proportionate share of the national prosperity.)

Congressmen are still blinking with surprise as they look at the results of the program. An investigation last year disclosed that one sharp operator leased government land, put that land under the bank, and had a profit after paying his rent. Eyebrows also rose when the size of payments to individual farming operations came to light. The Agriculture Department, in response to inquiry by Senators Stuart Symington (D-Mo.) and John Williams (R-DeL.), revealed that one operation received a check for more than \$65,000.

But the payments made last year under the soil bank program are dwarfed by those this year. Nine farms in Arizona alone have so far received checks in excess of \$50,000. The largest of these — \$209,000 — went to Jack Harris' cotton farm.

Harris put his 1,500 acre Pima County farm under the bank. That got him the \$209,000. He then leased 4,500 acres of land in Maricopa County, and on that land he is growing penalty cotton. (His Maricopa operation has no quota, so he must pay an 18½ cents per pound penalty.)

The penalty could top \$800,000, but per acre after the maximum penalty payment could top \$200,000. The net effect of the soil bank program in this instance, therefore, will probably be more surplus.

Harris presumably will sell his Maricopa cotton. Since demand is more or less constant, the government will have to take Southern cotton that is put under loan.

Incidentally, Harris has dramatized another thorny problem that is plaguing the Agriculture Department. The producers in Arizona and California want larger quotas and lower supports. Southern producers, whose costs are much higher, don't. The 18½ cent penalty would cripple the average Southern producer who ignored his quota. But because of irrigation, mechanization, and ideal climatic conditions, the Southwest producer can chance no-quota crops.

The problem of keeping Southern cotton competitive won't be solved this year. And the chances of clearing up the soil bank mess this year are fading. Contracts have been let, and the government can't very well go back on its word.

Senator Williams hopes the situation can be straightened out before next year. To cope with the situation, the House is insisting on a \$3,000 payment limitation. The Senate seems reluctant to accept this ceiling. No final action is likely until the civil rights measure is disposed of.

Williams hopes the Senate will accept the House ceiling. According to the Senator, unless some ceiling is agreed to, the government might be compelled to pay nearly \$1 million to a single farming operation.

Williams says the Campbell Farming Corporation of Montana has nearly 100,000 acres in wheat. If this operation put half its land under the soil bank, he says, it would be entitled to about \$1 million for not growing wheat on that land.

There is no indication that Campbell Farms intends to do anything of the sort. But Williams argues that it's poor policy, and no service to the farmer, to permit the possibility.

## HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

### Effective on August 29

August 29 will be new law day in Missouri with 283 laws passed by the 69th General Assembly taking effect on that day.

According to the state constitution, new laws go into effect 90 days after the General Assembly adjourns. However, this applies only to bills which do not carry an emergency clause or which appropriate funds.

Gov. James T. Blair approved 321 measures passed by the recent legislature and vetoed six. However, 27 bills carried emergency clauses and have already become effective and 11 were appropriation measures which go into effect the date they are signed.

Among the new laws which become effective on August 29 are the new 70 mile speed limit; a new retirement system for state employees; authorization for a 100-man increase in the state highway patrol; improvements in the state mental hospital set up; and pay increases for county school superintendents, prosecuting attorneys, county clerks, third class county circuit clerks and ex-officio recorders.

Bonneo has an area of 290,000 square miles.

## Two Players In Baseball Hall of Fame

COOPERSTOWN, N.Y. (AP)—Looking back over 43 years of baseball stretching from Wilmington, Del., to a niche in the Hall of Fame, Joe McCarthy summed up his thoughts in a few brief words. "Gee, I wish I could do it all over again."

Sentiment brought tears to the eyes of Samuel (Wahoo Sam) Crawford as the 77-year-old former outfielder also was formally inducted into Baseball's Hall of Fame yesterday in this historic village.

"I've come a long way to this day," he said. "I want to thank all my friends. I had a speech to make but I don't believe I can go through with it."

The two new members were officially received by Commissioner Ford Frick on a wooden platform under the shade trees in front of the Hall of Fame and baseball museum. The shirt-sleeved crowd jammed main street from curb to curb and overflowed onto the steps of the post office.

"When a player reaches the Hall of Fame," said McCarthy, "he doesn't have too many to thank. For the most part, he did it on his own. But a manager has so many people to thank."

Marse Joe, who won eight pennants with the New York Yankees and one with the Chicago Cubs and never finished worse than fourth in 24 years as a manager, named them all. He thanked the owners, coaches, trainers, writers, umpires and players.

"Most responsible of all for my being here are the great players," said McCarthy. "And God knows, I had my share of the good ones."

Glancing at Mrs. Lou Gehrig, the widow of his former first baseman, McCarthy said, "Seeing you brings back many a sad memory, but also a lot of happy ones. McCarthy broke into baseball with Wilmington in 1907 and retired because of poor health as Boston manager in 1950.

Crawford, a power hitter in the dead ball days, had a lifetime batting average of .309 in 19 years with 2,964 hits. He still holds the record for most triples with 312 in his career.

The Chicago White Sox defeated the St. Louis Cardinals 13-4 in the annual Hall of Fame trophy game at Doubleday Field, baseball's birthplace.

## Athletics Play Moberly VFW Tonight at 8

The Sedalia Athletics play Moberly VFW in a semi-pro game tonight at Liberty Park, beginning at 8. Bishop (4-1) will be the starting pitcher for the A's. The lineup:

Sedalia: Dey If, Morgan 2b, Schumaker c, Wiggins 1b, Higgins 3b, Burgoyne ss, Fall rf, Thomas cf, Bishop p.

Columbus: M. Sapp 2b, R. Sapp 3b, Kleasner cf, Kurtz ss, Webb 1b, Tarr lf, Steere rf, Forbes p, McCown c.

## Baylor Has Provided Luxurious Seating For Football Games

WACO, Tex. (AP)—Dislike that hot sun at early-season football games? Annoyed by the chill late in the fall? Don't like rain or snow down the neck while cheering the alma mater?

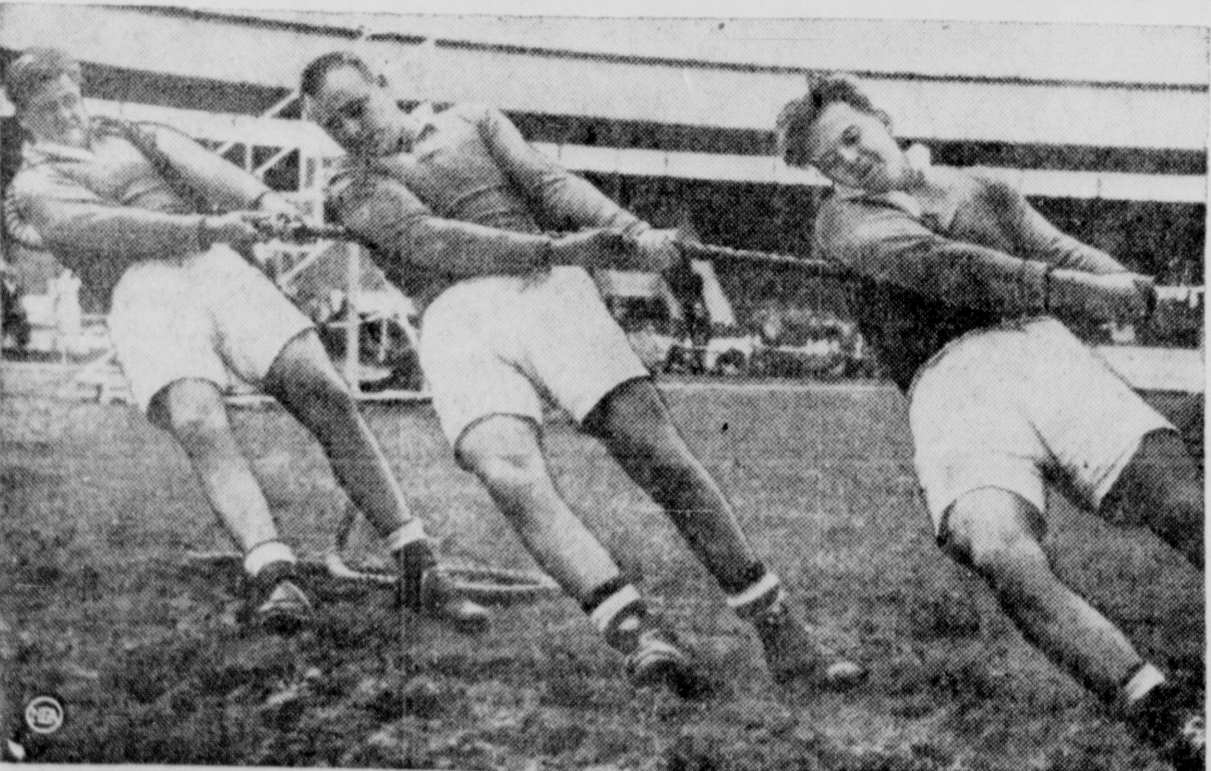

Baylor has the answer. It's an 85-seat, glassed-in section with tile floors, foam cushions, heaters and air conditioners. There'll even be potted plants in the corners.

The special section, known as "Pink Cadillac Row," will be just below the press box. Holders of options on the seats will reach the section by elevator.

About the only comfort the section won't be able to provide is a winning team.

Equatorial circumference of the earth is 24,902.39 miles.

The female of the peacock is a peahen.

HEAVE-HO, ME LADDIES!—This is a job where pull is absolutely essential. These are the heaviest at the tail end of the 42nd Commando Royal Marine team in the Amateur Athletic Association's championship tug-of-war at White City Stadium in London. Their unseen opponents are the heavyweights of the Ford team. Altogether, men!

## Make 1957 Hall of Fame Selection

SEDALIA, Mo., July 22 (AP)—The 1957 choice for the Missouri Sports Hall of Fame is being selected this week by sportswriters on Missouri daily newspapers.

There are 16 candidates for the honor. Formal recognition awaits the sports Hall of Fame honoree Thursday afternoon, Aug. 22, at the Missouri State Fair.

The candidates are native born, living Missourians who have achieved prominence in some field of sports endeavor.

The 1957 candidates, their hometowns and sports field are:

Walter (Babe) Adams, Mt. Moriah, baseball; Henry Armstrong, St. Louis, boxing; Volney Ashford, Marshall, coach; Paul Christman, Maplewood, football; Jim Cozeman, St. Louis, coach; Lou Fette, Alma, baseball; Charlie Grimm, St. Louis, baseball; Doris Hart, St. Louis, tennis; Jess Hill, Yates, coach; Ed McCauley, St. Louis, basketball; C. E. McBride, Marshall, sportswriter; Horton Smith, Springfield, golf; Helen Stephens, Fulton, track; and Zach Wheat, Hamilton, baseball.

Since 1951 when the Missouri Sports Hall of Fame was established as a feature of the Missouri State Fair, eight nationally known figures have been honored. They are Carl Hubbell, Casey Stengel, Phog Allen, Bill Corum, Don Faurot, Cal Hubbard, Vernon Kennedy and Brutus Hamilton.

## Earl Buchholz Has Good Round In Tennis Bout

CHAMPAIGN, Ill. (AP)—Earl Buchholz, the No. 2 seed of St. Louis, turned in an impressive performance yesterday in the opening rounds of the Western Junior and Boys Tennis Tournament.

Although rain postponed many matches, Buchholz, unbeaten by a junior this year, trounced Steve McKinnon of Winnetka, Ill., and Brian Eisner of Manitowoc, Wis., by identical 6-0, 6-1 scores.

While Buchholz was in the spotlight, top-seeded Chris Crafoord of Piedmont, Calif., never lifted a racquet. Crafoord drew a first round bye and a second round default.

Defending boys champion Bobby Siska of San Francisco also drew a first round bye and a second round default.

Bobby Degado of Los Angeles, the No. 5 seed, stepped out of the tournament because of a back sprain.

The only seeded player to run into trouble was 16th ranked Marty Riessen, Illinois state prep champion. Riessen dropped a 7-5 set to Francisco Montana, Coral Gables, Fla., and was on the verge of losing the second set when he rallied for a 7-5 victory and then eliminated the tiring Montana, 6-1.

Among the favorites making their appearance are eight former champions covering a 30-year span. Included among them are defending champion Fred Brown of Los Angeles, Calif., and Jim English of Topeka, Kan., 1955 titlist.

In yesterday's opening qualifying round Howard Creel of Colorado Springs jumped into an early lead for medalist honors with a one under par 37-34-71, low among 108 who toured the 6,897-yard, 18-hole course.

Runnerup with a par 36-36-72 was 22-year-old Gene Elstun of Kansas City, Mo., former Kansas University basketball star. His 18-year-old brother, Bill, was a close third, one stroke behind with a 38-35-73.

The 32 low scorers in the qualifying rounds are slated to begin match play tomorrow over the well-trapped championship course. The 36-hole championship flight is scheduled for Sunday.

Among yesterday's qualifying round low scorers were: Ed Turner, Wichita, Kan., 39-40-79 and Lee Coffey, Ardmore, Okla., 41-38-79.

Babe Ruth Practice

McCown Bros. Babe Ruth team will practice Wednesday morning at 8 o'clock at Liberty Park. All members are urged to be present.

If all the natural gas on earth were to melt, it would release enough water to raise sea level about 100 feet.

Woodson believes the Stars "definitely have a good chance against the Giants." "You know there usually are a few big guys on the line, but all these guys are big. It sort of evens things up."

The linemen donned their pads and helmets yesterday in a secret session. Line Coach Hunk Anderson was obviously pleased with what he saw, saying:

"They're nice and rough."

Bernardo O'Higgins was the liberator of Chile.

CHECK FOR \$8,000 LOOKS PRETTY GOOD, TOO—A cup emblematic of the PGA championship is an armful for Lionel Hebert—and a check for \$8,000 prize money isn't bad either. The Lafayette, La., golfer won the title at Dayton, Ohio, with a 2 and 1 victory over Dow Finsterwald. (AP Wirephoto)

## Who Will Do What?

## NL Stages Soap Opera Race With Injuries and Mobility

By ED WILKS  
The Associated Press

Will the Braves be able to hold the lead despite injuries? Can the Cardinals win at home? Will the Dodgers, loaded with walking wounded, be able to hold their own in the West? Can the Redlegs avoid another long slump? Will the Phillies hang on?

Even Helen Trent never had it as rough as the five clubs in on that soap opera the National League is staging as a pennant race these days. And after the St. Louis Cardinals were rapped 13-4 by the Chicago White Sox in yesterday's Hall of Fame game, the pennant pursuers get back to business today with the Western teams at home to the East.

In the AL—where the only real question is "If the Yankees are so great, why aren't they playing 700 ball?"—first-place New York gets another chance to wrap it up early, returning home with a 4½-game lead for a three-game set with the second-place White Sox.

Milwaukee's Braves, who left home July 1 with a half-game lead, slipped to third and three games behind only to get hot again and win nine of the last 13, are back home again for a 16-game stay. They open tonight with a one-game lead against Philadelphia, with the Phillies in fifth, 3½ games behind after leading the league by half a game a week ago.

The Dodgers hottest club in the race at the moment with a 10-2 record that has hoisted them from fifth five games behind, to second, open the trip at St. Louis. The Cards, blowing a three-game lead with a 4-7 trip through the East, are third, 1½ games back.

Large Legs, Large Muscles, No Cysts

ELKIN, N.C. (AP)—Young Wally Holcomb is a basketball, football and tennis star at Elkin High School here.

He felt fine until someone noticed the backs of his legs, near the knees, seemed extra large. Were they swollen? Did they hurt?

No, said Wally, but then he began to worry. His knees began to hurt.

Two doctors diagnosed cysts and operated.

They cut into the first leg—and found big leg muscles—no cysts. So they sewed him up again and sent him home.

How do his legs feel now? "Okay," says Wally with a grin. "I wonder if they ever did really hurt."

## Orange Bowl Has Open Bid For Any Good Team

MIAMI, Fla. (AP)—Any top-notch college team can be invited to play in the 1959 Orange Bowl football game and everyone seems happy about it—even the Atlantic Coast Conference, which was cut loose to make room.

The Orange Bowl Committee voted yesterday not to renew its contract with the ACC, Atlantic Coast Conference teams have met Big Eight conference champions in Orange Bowl New Year's Day games since 1954 under agreements that expire with the 1958 clash.

The bowl will continue to book Big Eight championship teams, but will be free to pick the opposing eleven from any section of the nation.

Major radio and television networks, which have paid the bowl increasing sums for broadcast rights, had urged the committee to widen its field of choices. Negotiations currently are under way with NBC and CBS.

Joe H. Adams, president of the bowl committee, said the Big Eight had agreed to waive for 1959—the bowl's 25th anniversary—its rule that no Big Eight titlist can play in two successive bowl games. Under foreseeable conditions, that probably would bring the Big Eight's powerhouse, Oklahoma, to the Orange Bowl both in 1958 and 1959. The latter year, the committee could pick the Big Eight team's foe from the cream of college football regardless of section.

"We are happy about this," Adams said.

Van C. Kussrow headed a committee panel that studied means of improving the Orange Bowl game and recommended yesterday's action by the full committee.

Hank Aaron Leads In Game Winning Blows for the Majors

NEW YORK (AP)—Who is major league baseball's best clutch hitter?

As near as can be determined, he's Hank Aaron of the Milwaukee Braves.

The 23-year-old Braves' slugger is the leader in game-winning blows—a system of rating the top clutch hitters devised by The Associated Press. Aaron has produced the pivotal hit in seven games this season.

Credit for a game-winning blow is given to each batter who puts his team ahead to stay in the sixth, seventh, eighth, ninth or an extra inning.

Don Hoak of the Cincinnati Redlegs is second to Aaron in the National league with six game-winning blows. Bill Skowron, New York Yankee first baseman, paces the American League with five.

## Fighter Has Spasm in Ring, Loses Match

NEW YORK (AP)—Bobby Courchesne was as good as new today but his manager, taking no chances, decided that a projected trip to Venezuela was out for the time being.

"Courchesne, a good journeyman lightweight, took a spasm between the eighth and ninth rounds of his scheduled 10 with Bobby Bell last night at St. Nicholas Arena and scared the living daylight out of his seconds and TV spectators who saw the bout in some sections of the country.

"Of course, the trip to South America is out," said Courchesne's manager, Pat Bartlee. "He was supposed to fight in Caracas. There's nothing wrong with him, but we just want to be careful."

Courchesne, who had a 50-8-2 record, was charged with a knock-out at the hands of Bell when he failed to answer the bell for the ninth round. According to the New York State Athletic Commission rules, it goes in the books as an eighth-round knock-out.

Bartlee was backed by Dr. Samuel Swetnick, the physician in attendance.

"Courchesne is perfectly all right," said Dr. Swetnick. "The heat got him. It must have been 110 degrees in the ring. In cases like this the important thing is to see that nothing happens to the brain. When we gave him oxygen he responded. I'd call it a case of temporary paralysis."

Roberts was backed by Dr. Samuel Swetnick, the physician in attendance.

"Courchesne is perfectly all right," said Dr. Swetnick. "The heat got him. It must have been 110 degrees in the ring. In cases like this the important thing is to see that nothing happens to the brain. When we gave him oxygen he responded. I'd call it a case of temporary paralysis."

#### 4-H'ers Make Plans For Achievement Day

Pleasant Green 4-H Club met oil meeting. Seven members and six guests were present. The next meeting will be a picnic. A report was given on the county achievement day.

For Ambulance Service Ph. 8

#### Tumbling Tumblers

The word "tumbler" for a drinking glass resulted from the fact that early glasses had round, or pointed, bottoms, which could not stand on the table.

## Constituents Of a Good Western Movie

By CHARLES MERCER

NEW YORK (AP)—Watching ABC-TV's spate of Tuesday evening Western programs and considering the number of new Westerns coming next season, you begin to ask yourself: What constitutes a good Western?

Naturally a good Western has to follow the basic standards of any form of good drama: you have to care what happens to the people involved in it and want to stay with them until their problems are resolved.

Beyond that, however, to this viewer a good Western — more than any other form of drama — demands an affirmative answer to the following question:

Is it probable that this event could have happened in this place at this time?

Too many Westerns are seeming very improbable these days.

The question rose again last Tuesday in viewing "Cheyenne," that big and super-smooth hour-length production featuring the gigantic super-hero Clint Walker. "Cheyenne" invariably is well acted, directed and filmed; it displays great felicity for accurate detail; it sets a nice suspenseful pace on its way to its inevitable happy solution.

Perhaps that's enough to expect of a Western. Perhaps it's quibbling to expect more of it. But last week enjoyment of "Cheyenne" was marred for one viewer — and possibly for many — by the feeling that the basic situation of the story could not possibly have occurred. It was an easy idea for a writer to imagine, but did anything like it ever happen?

The basic situation of the drama was that the officials of a town and the operators of a silver mine conspired to arrest everybody passing through on trumped-up charges and then putting them to work mining the silver as slave labor.

Some of the excellent Western state historical societies could comment with greater authority on the validity of the situation. But one who has dabbled a bit in Western history, including the fascinating story of silver, never heard of anything like it.

It would be a helpful service if some Western historical sources would monitor some of our Western dramas and set us straight when we need to be. Otherwise, our children will have even more distorted ideas of Western history than we had.

#### Caesar Reports Plans For New TV Program With Imogene Coca

NEW YORK (AP)—Sid Caesar and Imogene Coca are reported planning a TV reconciliation this fall.

The comedy team split up three years ago amid tears, confusion and explanations.

The New York Herald Tribune reported today that Caesar has confirmed he is dickering for a new half-hour show with Miss Coca.

"It will be a condensed form of Caesar's Hour," he was quoted as saying. "I'm not at liberty to say at this time where it'll be shown because nothing's been finalized as yet."

"I'm happy that Imogene will be with me."

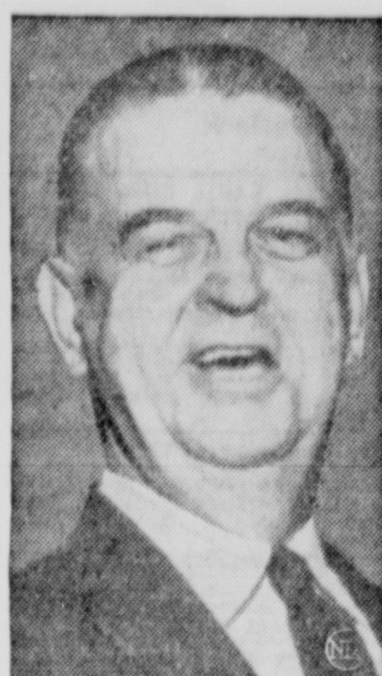

Miss Coca is currently appearing at Detroit in a road show of the play "Janus." Caesar's show was dropped by NBC last month because of dwindling audience ratings.

**ELKS' RULER** — Hobert L. Blackledge was unanimously elected Grand Exalted Ruler of the Benevolent and Protective Order of Elks at the organization's convention in San Francisco. The 57-year-old Kearney, Neb., lawyer, an Elk for 30 years, has pledged his organization to expand and continue its welfare projects.

#### House Members Predict Veto Of Postal Raise

WASHINGTON (AP)—Several House members of both parties predicted a presidential veto of a 318-million-dollar pay raise for postal workers if the Senate goes along with House passage.

The House gave tentative approval to the measure yesterday but delayed a final vote until today.

President Eisenhower is opposing any general pay increase for federal workers at this time, saying the government as well as private citizens should avoid anything that could add to inflationary pressures.

Some 518,000 postal workers across the nation would get a \$546 a year across-the-board pay increase under the measure in the House. This amounts to about a 12½ per cent raise on the average postal salary of about \$4,340 a year.

Chairman Murray (D-Tenn.) of the House Post Office Committee, who opposes the bill, told the House in debate: "I am confident that no pay increase at this time will be approved by the President."

Rep. Halleck (Ind.), a Republi-

## 'Crazylegs' Hirsch Leads Triple Life

By BOB MYERS

HOLLYWOOD (AP)—Football is in an era of defense, Elroy (Crazylegs) Hirsch was saying in mournful tones when the conversation suddenly switched to the movies.

Hirsch, who leads a double, even triple life as a star in football, in pictures and as the proprietor of a San Fernando Valley restaurant, observed: "Give me one big break in pictures and I'd probably give up football."

"It's been great to me, but after 12 years in pro ball you don't need 13 to prove you can play it."

Movie fans around the country may not be too familiar with Crazylegs, the grid hero, and football fans may be in the same boat regarding Elroy Hirsch, movie star.

Briefly, this 6-foot-2 195-pounder one of the most explosive runners and pass receivers in the game, checks in this month for his ninth season with the Los Angeles Rams.

It will be his 13th year in pro ball and his 19th in the game, dating back to high school days in Wausau, Wis.

On the film front, Hirsch has just finished his third major role as a dramatic actor in "Zero Hour," a tale of the airways written and directed by his movie discoverer, young Hall Bartlett.

Recently Hirsch was named in

can leader, said the measure was "not in line with administration policy." Rep. Arends (R-Ill.) said he believed it would never become "the law of the land."

# A New High in Performance!

## A NEW Super Performance PHILLIPS 66 Flite-Fuel

Higher Octane! Higher power! A gasoline that brings out the best in today's more powerful automobiles.

Phillips 66 keeps pace with the octane and power requirements of the new super-cars by bringing you its new FLITE-FUEL, a gasoline blended for super-performance! Not only new cars, but older cars, too, will benefit from the remarkable performance qualities of new FLITE-FUEL. FLITE-FUEL is blended for local driving conditions. It's the only gasoline containing added Di-isopropyl. It gives your car smooth power and long mileage. Fill up with new FLITE-FUEL at your Phillips 66 Dealer's and discover a new high in performance!

PHILLIPS PETROLEUM COMPANY

### TEST DRIVE and discover all the performance advantages of new FLITE-FUEL.

- **HIGHER ANTI-KNOCK**—New FLITE-FUEL has been fortified with extra high octane components.
- **EASE OF STARTING**—A cold engine starts immediately—no stalling!
- **FAST ACCELERATION**—You can depend on new Phillips 66 FLITE-FUEL for smooth, instant response!
- **CLEAN BURNING**—FLITE-FUEL needs no special anti-fouling additive.

**It's Performance That Counts!**

**SUPERSONIC TARGET DRONE**—Shown mounted on the wing of a B-50 launch aircraft, the U.S. Air Force XQ-4 supersonic target drone is undergoing flight test operations at Holloman Air Force Base, N.M. The XQ-4, developed by Radioplane Company, is air launched and is recoverable by parachute. Powered by a turbojet engine, it is radar controlled and has a ceiling in excess of 60,000 feet. Its primary mission is as a target drone for the evaluation of air defense systems but it can carry a payload sufficient to accommodate special tracking, scoring and photographic or television reconnaissance installations. The fuselage of the XQ-4 is approximately 35 feet long and approximately 2 feet in diameter. The wing span is approximately 12 feet.

### Pay Increase In Rubber Industry 'Best Since '46'

CLEVELAND (AP)—A 15-cent-an-hour pay raise—described by a union leader as "the best since 1946" in the rubber industry—was agreed upon by the United Rubber Workers and Goodyear Tire & Rubber Co. last night, two hours before a midnight strike deadline.

The settlement provides for immediate across-the-board raises

of 14½ cents an hour for 24,000 Goodyear employees in 11 cities. The other half cent pays for an improvement in the night shift differential.

The raise will bring the average wage to \$2.54½ hourly, a union spokesman said.

The agreement concluded three weeks of bargaining in a wage reopener of a contract signed last

February and expiring April 15, 1959. It is expected to set a pattern in the rubber industry.

The United Rubber Workers are negotiating with the other major rubber companies and are free to strike at midnight, July 30, if settlement has not been reached.

Paul E. Bowers, who headed the URW negotiating team, called the agreement with Goodyear "the best since 1946."

Raises ran about 18½ cents an hour then, he said.

The Goodyear settlement must be approved by the union's International Executive Board and ratified by the big Akron local and at least five of the other 10 locals.

### Takes \$36,000 In Government Marine Money

LAS VEGAS, Nev. (AP)—A Marine officer with \$5 in his possession was booked at Clark County jail here after telling authorities he had absconded with \$36,000 in government money.

The FBI said that Capt. George Henry Willers last night stated that he had "dipped into the till two times" at the disbursing office of the Marine Corps' 1st Division at Camp Pendleton, Calif.

Officers said Willers, 38, had in his possession when arrested a loaded .45 automatic. They said he told them: "I should have killed myself with it."

Willers was booked on suspicion of carrying a concealed weapon and as "wanted for other jurisdictions."

Capt. Walt Swindells, public information officer for Camp Pendleton, a base north of San Diego, confirmed that Capt. George Henry Willers is assigned to the 1st Division disbursing office.

The FBI said a check of Pendleton files is being made.

The agent in charge here said that Willers told him he had the combination to the safe in the disbursing office and had helped himself to government funds to see if he could make money gambling in order to "pay off a lot of bills."

Willers said he, his wife and family live in Oceanside, near the camp.

The FBI said Willers said he took \$13,000 July 13, came here and lost it, and then helped himself to another \$23,000 yesterday.

When he was down to his last \$5 he told a deputy assigned to the swank resort hotel where he was staying that he had absconded with the money. The sheriff's office arrested him and called in the FBI.

### Young Laborer Hangs Despite Efforts To Halt Execution

DURHAM, England (AP)—A 22-year-old laborer was hanged for murder today despite efforts by parliamentary and religious groups to prevent Britain's first execution since August 1955.

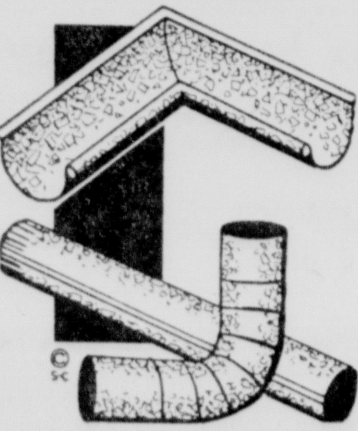

John Wilson Vickers of Carlisle went to the gallows in the Durham jail for killing 72-year-old Miss Jane Duckett, a grocery store proprietor, during a robbery. Vickers was the first person executed under the new British homicide law which provides capital punishment only for certain degrees of murder.

A strong parliamentary group led by Laborite Sydney Silverman fought without success to get the case reviewed by the House of Lords. Home Secretary Richard A. Butler had announced there would be no reprieve.

An all-night interdenominational prayer and meditation meeting was held in London by persons opposed to the resumption of hanging in Britain.

THE ARK-WARD AGE—Fascinated by the "Noah's Ark" confronting them, seven youngsters peek through the portholes trying to catch a glimpse of the small animals cavorting within. The ark is among the many exhibits at the Children's Zoo in Chicago's Lincoln Park.

### Billy Graham Sees Diabard Effort by Devil

NEW YORK (AP)—Billy Graham says, "The Devil is angry at the rising spiritual tide in New York."

"He most likely will strike in unexpected places and at unexpected times," he says.

With the Devil putting up a diabolic resistance, the evangelist said yesterday he is tightening up his strategy for the last three weeks of his New York crusade.

Graham will be back at Madison Square Garden tonight after two days of rest. His schedule today included a round of golf. Yesterday he got in a game of golf, the first since the crusade started May 15.

Graham will modify his schedule as the crusade goes on. During the past nine weeks, he has been appearing at several gatherings each day before the Madison Square Garden meetings. He now plans to cut out the extra meetings in order to conserve his strength. He will speak only at the night meetings at the Garden, and will use the days for study and rest. This is the second extension. It was extended to July 20, and now has been extended to Aug. 10.

Members of the Graham team and the local sponsoring committee are reported to be seriously considering a proposal to extend the crusade further, through Labor Day.

A proposal that the evangelist take two weeks off after the Aug. 10 windup, and then make week-long appearances in and around

### Gets Quick Answer

DETROIT (AP)—Mrs. Lizzie Mae Allen, 51, found her basement flooded after a heavy rainfall.

She walked to a fire alarm box and pulled the handle. Six pieces of equipment answered her call.

It didn't take Mrs. Allen long to find out that the person who told her the Fire Department pumped out flooded basements was wrong. Fire officials let her off with a warning.

### Woman Legislator Fires on Workers

UNION, Conn. (AP)—Police said today a woman state legislator fired on workers trying to extend a boundary fence past the front of her house.

The five workers fled as State Rep. Anna Mae Pallack (R-Union), 34, fired three or four shots at them with a .22-caliber rifle, police said. She missed each time.

Mrs. Pallack was charged with aggravated assault and released under \$500 bond.

The house is on a secondary road which is bounded for a length by a fence. A Highway Department spokesman said the employees were preparing to construct an extension of the fence past Mrs. Pallack's house.

Mrs. Pallack could not be reached for comment.

New York, is said to be under consideration.

Weeklong schedules in Newark and Paterson, N.J., are said to be among the suggestions.

The tarantula, one of the largest spiders, is victimized by the Pepsi wasp.

### Actress and Model Are Taken to Court Over Telephone Row

NEW YORK (AP)—A model who says the telephone is her "only vice" and an actress who calls it her "lifeline" went to court yesterday in a row over the phone in the apartment they share.

Red-haired model Sheryl Parks, 25, and blonde actress Didi Roberts, also 25, filed cross-complaints of assault. Each of the shapely roommates accused the other of assault with a high-heel shoe.

"The phone is my lifeline," said Didi. "That girl was constantly on the phone."

"Some girls like to drink and go out on dates," explained Sheryl. "I don't. My only vice is using the phone."

The girls' phone bill for May and June totaled \$328.

### Philadelphia Police Using Dictionaries

PHILADELPHIA (AP)—The Police Department has added some new equipment—dictionaries.

An increase in paper work has brought on too many misspelled words, officials say. All reports with incorrect spelling must be done over, according to regulations.

So dictionaries have been issued to every stationhouse and detective division in the city.

## Boone Won't Kiss Leading Lady in Movie

By JAMES BACON

HOLLYWOOD (AP)—Singer Pat Boone is wrestling with his conscience today. The problem: Shall he kiss his leading lady in his new picture?

The problem didn't arise in his first picture, "Bernardine," but in "April Love" there is a scene in which the handsome 23-year-old rock 'n' roller is supposed to kiss Shirley Jones.

He asked the writers to get around it if they could. They fixed things so that Shirley turns her head just as Pat starts to kiss her.

"However, the director feels that there should be a kiss to give the scene greater impact," Boone said. "So far we have been shooting around it and I have to make up my mind within the next three weeks whether to kiss her or not."

Boone, called by his studio the most important singing-acting discovery since Bing Crosby, has long held a personal belief that he shall not have physical contact with any woman other than his wife.

"I've had many a conference with myself over this belief recently," he told a reporter. "I still don't know whether I can reconcile myself to doing something on the screen that I wouldn't do in my personal life."

He had a similar problem recently on an NBC-TV spectacular. He had several scenes with dancer Shirley MacLaine in which he was supposed to hold her while dancing. He politely refused.

"I was able to solve that one partly because I've never learned how to dance," he said.

This is no publicity stunt on Pat's part. Nor is he a "goody-goody" prude. Friends say he is

tolerant of other people's beliefs and also of their vices.

He will go to a Hollywood cocktail party if his job demands it. Yet he doesn't drink, smoke or cuss.

His pretty wife Shirley also is opposed to his kissing other women on the screen.

"But" Pat said, "not violently. Her main concern is what our three children will think about their daddy kissing other women."

He realizes what his belief would do to his movie career—how it would limit roles. One 20th Century-Fox executive said he had

never heard of a similar situation in the history of the movies.

He emphasized that the belief is not a tenet of his church, although many members of the church hold similar views.

## Great new scientific discovery

**BORON releases new power in missiles**

## D-X BORON releases new power in engines

Now the power of boron—the chemical used in experimental missile fuels—has been harnessed for your car.

D-X Boron Motor Fuel, proved by millions of miles of driving, is here. This great discovery has been made possible by D-X Sunray's expanded research facilities and 10-million-dollar investment in refining equipment.

D-X Boron is an entirely new motor fuel. It liberates more power per gallon in your engine—new or old! It gives you smoothest power! Thrilling acceleration! Wonderful road performance!

Push your foot to the floorboard without fear of knock. D-X Boron has the highest octane in our history. Get it at your D-X Dealer's now!

D-X still gives you the famous plus—D-X upper-cylinder lubrication!

America's fastest growing oil company
